From the Editor

Twenty years ago, we undertook to compile and publish about this time of the year a SPECIAL ISSUE covering the results reported by Insurers, Reinsurers and Brokers in the Mena Region, and the rank each of those players had reached, whether in Premium, Asset, Equity or Profit.

Thanks to the support we received from APEX, Reinsurance Brokers who are based in Amman-Jordan, who took the sponsorship of this issue, as well as to all the supporters of Al Bayan Magazine, we managed to bring about this unique issue which proved to be instrumental to the insurance industry, not only in the MENA Region but across the entire insurance markets in the world.

The readers will appreciate that the situation prevalent in some countries of the Mena Region is so chaotic that it made it difficult for us to get updated data from some of the parties concerned in those countries. Hopefully the tragedy will take end, peace will return and all players will be able to resume their activity in full scale in the near future.

We look forward to issuing further editions in the years to come.
